A clean sweep by the whole Democratic ticket in this county, Tuesday, shows conclusively that old Bourbon will never again be wrenched from under Democratic rule. This is the first time the Bourbon Fiscal Court has ever been elected solidly Democratic. We give tabulated vote of county above.

VOTE FOR MAGISTRATE:

Paris—Fletcher Mann, D., 717; T. T. Templin, R., 466. Mann's majority 251.
Millersburg—E. P. Thomason, D., 299; D. M. Hurst, R., 252. Thomason's majority 47.
Little Rock—J. H. Hopkins, D., 271; John Crump, R., 197. Hopkins' majority, 74.
Clintonville—J. P. Howell, D., 273; Letcher Weathers, R., 177. Howell's majority 96.
Ruddles Mills—Jacob Keller, D., 369; J. W. Skinner, R., 234. Keller's majority, 165.
Centerville—J. T. Barlow, D., 306; T. C. Allen, R., 190. Barlow's majority, 116.

PARIS CITY ELECTION.

The entire Democratic city ticket was elected without opposition, as follows:

Mayor—James O'Brien.
Police Judge—E. T. Hinton.
Chief of Police—Geo. M. Hill.
Councilmen—J. B. Dempsey, Jas. M. Taylor, Wm. H. Webb, D. C. Parrish, John Duvall, T. F. Brannon and T. P. Woods.

The City Board of Education was re-elected without opposition.

GENERAL ELECTION NEWS.

Harrison county for the first time in its history, went Republican Tuesday. George B. Durant, Republican candidate for Senator, received a majority of six over E. K. Renaker, the Democratic nominee, a falling off of 1,200 Democratic votes since the last election. E. P. Blaine, Democratic nominee for Representative, and the entire county ticket were

elected without opposition.

In Fleming, W. W. Wilt, Republican, was elected over J. D. Wyatt, Democrat, by 110 majority, but the balance of the Democratic ticket was elected.

At Winchester, the royal Democrats repudiate "mixed tickets" and made a clean sweep of all city offices. Clark county gave 874 Democratic majority.

Judge Frank Bullock, Democrat, was re-elected County Judge in Fayette by near 5,000 majority. The largest Democratic majority ever known in that country.

McNew, Democrat, carried Nicholas county by 32. Renaker, for Senator, carried county by 200. Republicans elected one Magistrate in the county.

The Hargises were defeated by the Fusion party in Breathitt by 700 majority. There came near being a bloody war in the streets at Jackson when S. S. Taulbee, the Fusion candidate for County Judge, gave Judge Hargis the d-n lie. But for the first time in the history of Breathitt, Hargis was met with a crowd of determined armed men and his bluff wouldn't work.

Jerome's election in New York is assured and he will assist Hearst in the contest against McClelland, the Tammany candidate for Mayor. Steps have already been taken in the case. Ivins, the Republican candidate for Mayor, says a recount of the ballots will elect Hearst.

The greatest victory of all, perhaps, was by the Reform Party in Philadelphia, their ticket winning by near 75,000 majority. Pennsylvania has for years been held by the throat by a gang of Republican robbers.

At Louisville, Barth, Democratic candidate for Mayor, won by near 4,000 majority.

Will Drill For Gas in Bourbon.

Mr. B. W. Moon, of the firm of Robertson & Moon, of Mt. Oreb, O., was in the city yesterday enroute to Grange City, Ky., to drill for gas. When he finishes there he will return to Bourbon and drill three wells 1,500 feet deep on the farm of Wm. Meteer, near Hutchison, where there was such evidence of natural gas a few months ago. If he does not find gas at the above named depth, he will drill deeper until he does find it. If Mr. Moon is successful in finding natural gas so near our city there is no telling of the great benefit it will be to this community, and there is little doubt but he will find it on this farm.

THE BOURBON NEWS.

BOTH 'PHONES, 124.

NO. 4 BROADWAY.

PUBLISHED EVERY TUESDAY AND FRIDAY.

SWIFT CHAMP, - - EDITOR AND OWNER.

TUESDAY was a bad day on bossism and a field-day for the people. In Friday's issue of THE NEWS we said if as a result of Tuesday's election Geo. B. Cox could be eliminated from power and the corrupt gang in Philadelphia defeated, that it would be an indication of the dawning of a political millenium. Both of the hoped for events have taken place. The people have risen in their might, and Geo. B. Cox, the political boss of Cincinnati and Ohio, has at last met his Waterloo and retired to private life and obscurity. The arbiter of the destinies of others is now a poor disappointed political outcast, with none so poor as to do him reverence. Cox represents all that is corrupt in politics. He has grown rich through his corrupt methods. If his political crimes could be fully revealed it would mark the darkest pages in the history of Cincinnati and Ohio. Notwithstanding the fact, that he was known as thoroughly corrupt, he has been for years the "Boss" of the Republican party of Ohio. No Republican has dared to offer for office without securing the permit of Geo. B. Cox. He consented to Gov. Herrick's candidacy for re-election, and if Herrick has gone down in defeat, which he has, the result is largely due to his connection with the "Boss" of the party.

No political event in years is of wider significance, that the defeat of bossism in Ohio. The idea of one man assuming to control a great State is a thoroughly anti-Democratic idea. And yet, Cox has been the autocrat of Ohio politics. He has ruled absolutely and despotically, until, at last, the people have risen in their might and have crushed and defeated him, and his machine and his tools.

Judge Dempsey has been elected Mayor of Cincinnati by a majority of over six thousand and the whole Democratic ticket has been elected in Hamilton county. The result is glorious. It indicates that the people can be trusted and that they are capable of self-government. The lesson on Tuesday shows that there is throughout the land an uprising against political corruption in high places and against bossism.

In Philadelphia the Republican machine has been defeated and reform element has won by sixty thousand majority, and even in the rock-ribbed Republican State of Pennsylvania, the Democrats are victorious.

In the City of New York, Jerome has been elected. His election seems to mean that the people are in earnest and that when men are turned down for the faithful discharge of their official duties in the prosecution of criminals, that the people—the source of all power—will stand by the officials who have the courage and honesty to stand by the right and discharge with fidelity the sworn duties of their office.

In New York was developed a new issue in the politics of that city. Wm. Randolph Hearst ran as an independent candidate for Mayor upon the issue of municipal ownership of public utilities. It seems that McClelland has defeated Hearst by three or four thousand votes. Mr. Hearst says, however, that he was elected, and will contest the election if he is counted out. Certainly, the new issue of municipal ownership will soon be a potent factor in the politics of New York.

The election of Tuesday indicates widespread feeling of unrest. The laboring man and the producers are not satisfied with existing conditions. Political parties are everywhere disintegrating and party lines are being broken down. The people are taking part in politics, and the awakening indicates the dawn of a better and a purer era in politics and a return to the old time honesty, which is essential to the preservation of our free institutions.

The elections last Tuesday are full of encouragement to patriots everywhere. Let the good work go on.

THE Democrats of old Bourbon did themselves proud by giving the largest majority ever given in the county. It was a model ticket that had been put in the field, and only two, the County Judge, Mr. Dundon, and the Jailer, Mr. Judy, had opposition—the former's majority was 894 and the latter's 859, both record-breaking majorities. The election in this county shows that the people have confidence in the men elected on the Democratic ticket and that they were determined to be under Democratic rule. We do not hesitate to say that at the end of four years the people will find that their confidence had not been misplaced by electing the full ticket. We are sure to have an honest and conservative administration of public affairs in Bourbon county for another four years, if not until the end of time, for we do not believe our Republican friends will ever start another candidate in Bourbon. It's too bad!

THE city ticket, headed by Mr. James O'Brien, for Mayor, was elected without opposition, which shows conclusively that our citizens are satisfied with the administration of city affairs, as a majority of those elected have been in office for several terms, and there was never any talk of opposition to them. Take it all around, everybody is perfectly satisfied and well pleased by the result of Tuesday's election in the city and in the county.

Saving Time.
[From the Chicago Tribune.]
The man with a bearskin overcoat had just bought a graphophone.
"This thing will talk anything I talk into it, won't it?" he asked.
"Yes, sir," replied the dealer.
The graphophone was set in motion, and the purchaser set down in front of it and spoke into the mouthpiece as follows:
"Poland China, 857 pounds. Poland China, 857 pounds. Poland China, 857 pounds. Poland China, 857 pounds. Poland China, 857 pounds. Poland China, 857 pounds. Poland China, 857 pounds. Poland China, 857 pounds. Poland China, 857 pounds. Poland China, 857 pounds."
He kept this up till he had filled the cylinder, after which he had the machine packed up, and as he put it under his arm and turned to go he said:
"I've got a fat hog at the stock show, and this will save me a lot of trouble in answering questions about him."

The Country School.
The paramount problem in Kentucky to-day is the problem of education; and the supreme educational problem is the problem of the rural school—the elementary country school. If the past may be taken as an index to the future, we must continue to look to the country as the main source of supply of men who, as leaders of thought and action, are to be our torch-bearers of civilization. The conditions most conducive to the development of stalwart, independent manhood are to be found in the country. Over four-fifths of our people live in the country and engage in agricultural pursuits. When the farmers prosper, all of the people, of whatever calling, have good times. And so everybody should have a vital interest in the intelligence and thrift of the country. Kentucky cannot be a strong and prosperous Commonwealth without a strong and prosperous rural population.
The public schools, next to the home, and the church, is the agency to which we rightly look for the moral as well as the intellectual training of most of the future citizens of the State. The public school is already easily the greatest secular unifying force of the nation; and it is capable of doing more for the moral and intellectual training of the masses than all the other agencies combined.
"Let us cherish our public schools as the looms, and our teachers as the weavers who weave the wondrous destiny for the nation."—John Fiske.

It Was Awful.
[Great Bend (Kan.) Register.]
A Great Bend young lady put a piece of wedding cake under her pillow to sleep over, and before she retired her little brother stole the cake, ate it and put a piece of limburger cheese in its place. The young lady went to bed and dreamed that she was buried alive.

London Could Be Captured in Three Days.

[London Message to Chicago News.]
That a continental army could capture London within three days after landing in England is the substance of a criticism of the recent British army maneuvers which will appear in London from the pen of Capt. Van Lossberg, who was sent here to observe the maneuvers on behalf of the German general staff. Capt. Van Lossberg said to the Daily News correspondent:

"The British army has improved since I knew it in the Boer War, but the idea held by Gen. French, who conducted the recent mock defense, that an invading army of 270,000 could be held at bay at the doors of London for a fortnight and then repelled, is sheer nonsense. England possesses neither the numerical strength, the natural defenses nor the requisite leadership to accomplish such a thing.

"Gen. French's plans, of course, rested on the theory that England had temporarily lost command of the seas, which is almost inconceivable. Yet the fact that the maneuvers were held on that hypothesis indicates that the fear of an invasion is seriously entertained here."

An Automobile Prophecy.

[New York Press.]
Among the Bible delvers is Chas. T. Logan. He has learned to read the Bible by expounding it to his children, and has become critically critical. His latest excursion was made into Nahum. Having just purchased an automobile, he was amazed to find in the fourth verse of the second chapter this prophecy of the coming of the motor car:

"The chariots shall rage in the streets, they shall justle one against the other in the broad ways; they shall seem like torches, they shall run like the lightnings."

Nahum was the seventh of the minor prophets, and was generally known as "Nahum the Elkshite." He may have been the father of the Elks.

Schoolboy English.

[London, Tatler.]

Here are some choice specimens of "associated ideas," drawn forth from the schoolboy mind during the tortures of examination: "Queen Elizabeth was never married. She was so fond of dresses she was never seen without one, and she was beautiful and clever, with a red head and freckles."

"The provisions of Oxford were butter, eggs, cheese, bread and beer."

"The constitution of Clarendon was so shattered through grief that he died quite a young man before he had time to grow old."

"Lord Alfred Tennyson was a celebrated poet, and he wrote a lot of beautiful poems with long hair, and studied so much that he used to say to his mother, 'Call me early, dear.' His greatest poem is called, 'The Idle King.' He was made a Lord, but he was a good man and wrote many oads."

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and all interest in life. I had many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and to-day I am cured of all my trouble." Guaranteed at Oberdorfers drug store; price 50c. nov

Dangers of Defective Plumbing!

Defective plumbing permits the entrance into the house of sewer gas bearing germs, contagious disease to which the human system readily succumbs. Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures. LEXINGTON, KENTUCKY.

DEATHS.

H. P. Montgomery, president of the First National Bank, of Georgetown, died Wednesday at the age of 67 years, after a two month's illness.

The announcement on our streets Wednesday night that Malcolm Boswell was dead, caused surprise and sincere expressions of sympathy to be expressed by every one. On Tuesday Mr. Boswell was judge in the election booth of Hutchison No. 2, in apparently his usual good health. On Wednesday morning he went to his tobacco barn with his hands and assisted them to strip tobacco until 11 o'clock, when he said that he had a very severe headache and would have to go to the house. After arriving at the house he sat down before the fire, and a few minutes afterwards fell from his chair unconscious and remained in that condition until about 7 o'clock, when he breathed his last.

Mr. Boswell was aged 29 years, and one of our most popular and prominent young farmers, and his friends were numbered by the thousands. He was the very picture of health and his sudden death was a shock to this community.

He was the son of General and Mrs. B. T. Boswell, both of whom have preceded him to the grave. He married Miss Wilsie Wright, who died Aug. 5, 1903, leaving him two little daughters to raise, Clara May, aged 8 years, and Virginia, aged 4 years, who survive him. He is also survived by three brothers and two sisters—W. G. Boswell, of Georgetown; James L. Boswell, of Carrollton; Jos. B. Boswell, of Leesburg; Mrs. S. J. Bishop, of Leesburg, and Mrs. Alfred Batter of this county.

Funeral services will be held at the residence, about two and half miles from Paris on the Lexington pike, this (Friday) afternoon at 3 o'clock, conducted by Rev. G. W. Clarke and Rev. Dr. Rutherford. Pall-bearers will be, Forrest Letton, Harvey Hibler, Robt. Adair, John Towles, E. B. January, W. C. Dodson, Lefe Ardery and Denis Dundon.

Burial will be in Paris cemetery, and the Odd Fellows will meet the procession at the cemetery gate and take charge of the remains, and their usual impressive ceremony will be held at the grave.

Large Stock of Comforts.

If you want a comfort, go to J. T. Hinton's for it. His stock is the largest and cheapest.

BROWER'S

Persian Rugs.

We have just received a shipment of Persian Rugs selected especially for this market. Only two houses in the United States have these rugs and we are one of them. We absolutely guarantee them to be perfect specimens of the weaver's art. Only vegetable dyes, which are indestructible are used.

Here is our proposition—at any time that you returned rugs bought from us we will credit them at the original purchase price on any other goods in exchange, provided the rugs are not burned, cut or otherwise carelessly treated.

Could any offer prove to you better our confidence in the quality of those rugs?

Priced from \$10.00 to \$375.00 according to size and kind.

Bell-Benick Nuptials.

On Tuesday evening, November 7, at the Second Presbyterian Church, in this city, one of the prettiest weddings was solemnized it was ever the good fortune of the writer to see.

Mr. Duncan Bell and Miss Gertrude Benick are too popular and too well-known a couple to need an introduction to a Kentucky public. Long before the time set their friends filled the house from altar to doors, many standing in the aisles and vestibule. The decoration was in the hand of that competent florist, Honaker, and it goes without saying that the church was a picture. The style was entirely new in Paris and was most effective. Up the center aisle were six or eight arches, made of white roses and green leaves. Between the last arch were two little girls and hanging from the center was a beautiful wedding bell. The flowers on the altar were palms, ferns and white chrysanthemums. The organ was hidden by this screen of green.

At the stroke of six the doors were flung open, the wedding march pealed forth and the bridal party slowly walked up the aisle. The ushers came up the side in single file—Messrs. Jos. M. Hall, Sam Clay, Sidney Clay, Quincy Ward, John Woodford and Geo. Williams Clay. When they reached the altar and faced the audience, the groom, accompanied by his best man, Mr. John Brennan, stepped from behind the forest of palms that hid the organ and came to the center aisle to meet the bride. Up the long aisle, under the green arches, fairly staggering under their huge chrysanthemums came two beautiful little girls, Marion Buford and Alice Rogers Clay. Their dainty dresses were of white Persian lawn, lace trimmed over slips of pale green silk. Big white bows on their curls and white shoes and stockings completed their exquisite dress.

When they reached the last arch they opened wide the green gates and stood like little sentinels on each side throughout the ceremony.

The dame d'honneur came next, Mrs. Ezekiel Arnold, of Newport.

formerly Miss Jessie Turney, of Paris. Mrs. Arnold is a woman of regal appearance and never looked more queenly than on this occasion. Her gown was of that most trying hue, sea green, but her beautiful coloring bore the test without finching. She carried an armful of magnificent white chrysanthemums. Following Mrs. Arnold came a tiny fairy all in white, wearing a crown of white roses on her bonnie head. Elizabeth Benick is an ideal picture of childhood and as she came up the aisle, her eyes shining, her color coming and going, her head high in the air, a big wedding favor pinned on her bosom, it was a joy and a delight to watch her. Last of all came the lovely bride, gowned in white chiffon taffeta over white taffeta, ornamented with most beautiful chiffon embroidered medallions, wearing a handsome diamond necklace, the gift of the groom. When one looked into her happy face, the dress, beautiful as it was, was forgotten. Her long veil fell veil her face covering her completely. She was accompanied by her maid, Miss Eddie Spears, whose gown of pale green was most becoming, and who carried the same beautiful flowers that graced the occasion everywhere. The bride's bouquet was especially beautiful. It was made of white roses and lilies of the valley with a "shower" that fell to the hem of her gown.

During the impressive ceremony by their pastor, Rev. Dr. E. H. Rutherford, soft sweet strains of music was played by Miss Francis Johnson, the talented organist.

Miss Benick should not feel strange under this new name, as she but lays down the scepter of one bellehood to reign over a different kingdom.

Mr. and Mrs. Bell left on the 7 o'clock trolley to take the 8:55 train at Lexington for the East. Their friends await their return impatiently, eager to offer the congratulations and good wishes a hurried departure cut short.

DR. C. H. BOWEN, the optician, will be at A. J. Winters & Co.'s Thursday, November 23d. Examination free.

Lost—On yesterday, between Crosdale's Cafe and railroad bridge—a boys black-faced watch. Return to this office.

He Satisfied His Curiosity.

Ernest Hutchison, a little colored lad who works for Mrs. Mary C. Webb, found a railroad torpedo in the yard Tuesday and proceeded to the cellar with it to make further investigation. He placed it on a block and hit it with a hatchet, and it is a wonder that he is not now among the little black angels, for dynamite is dangerous to play with, especially with a hatchet. He escaped with three or four deep gashes on his face and head. We have heard of several of these dangerous torpedoes being found on our streets.

A FOOLISH PLAN

'Tis a joy to eat—I welcome my dinner hour; Because I rout indigestion with August Flower! Constipation is the result of indigestion, biliousness, flatulency, loss of appetite, self-poisoning, anemia, emaciation, uric acid, neuralgia in various parts of the system, catarrhal inflammation of the intestinal canal and numerous other ailments that rob life of its pleasures if they do not finally rob you of life itself. "I'm bound in the bowels," is a common expression of people who look miserable and are miserable—yet who persist in "letting nature take its course." What a foolish plan, when nature could be aided by the use of Green's August Flower, which is nature's own remedy for constipation and all stomach ills. August Flower gives new life to the liver and insures healthy stools. Two sizes, 25c and 75c. All druggists. For Sale by G. S. VARDEN & CO

Sleeping Malady.

[Eldorado (Iowa) Cor. New York World.]

A number of cases of coma have been manifested in Iowa during the past month, and persons have slept from eight days to fifty-six without waking. Mason City had the strangest case in William Burke, who slept for nearly 60 days and died without having been awake once. A lady in the same town was in a comatose state for a considerable length of time, but finally awakened and is today alive and well.

In Clinton county Ruth Herrington, a fifteen-year-old girl, was in some kind of a trance for eight days. On August 31 the girl said she was going to take a short nap. At 5 o'clock, when the mother came to awaken her daughter she failed to arouse her and discovered that her jaws were tightly set. A physician tried his best to awaken the girl, but was unable to do so. Cold baths and electricity, which were immediately applied, proved of no avail. Two hours later consciousness partly returned to the sleeper, although she did not open her eyes. She endeavored to communicate to her watchers at her bedside in the mute language of the deaf and dumb—the finger alphabet.

For four days the jaws of the patient were set tightly, but at the end of that time they relaxed and the physician was able to administer liquid nourishment and medicine. From then on her improvement was more marked.

The stupor was succeeded by a sleep of a more natural kind and on the morning of the eighth day she awoke in her usual health and arose as though she had just finished a refreshing sleep of a few hours' duration.

There has been no recurrence of the strange condition, and physicians are of the opinion that Miss Herrington will not be troubled again. She has no recollection of the eight days' slumber.

How Willie Made Money.

Little Willie Jones' mother had been in the habit of giving him spending money every day. One day mother told Willie that he was getting too old a boy to be spending money for candy, and if he wanted any more money he would have to earn it himself. But Willie seemed to be more prosperous day after day. One day his mother noticed a lot of children yelling and shrieking in the back yard. Upon investigation she found Willie surrounded by the admiring children, and this upon the playhouse:

"Willie Jones Will Eat one small green worm for 1 cent. One large green worm for 2 cents. One small fuzzy worm for 3 cents. One large fuzzy worm for 4 cents. One small green toad for 10 cents. One large green toad, 25 cents."

LION BEER.—Everybody who drinks beer should always insist on having the famous Lion Beer.

T. F. BRANNON, Agent.

Tinted Lungs.

One of the exhibits in an English anatomical museum is a collection of three lungs preserved in alcohol. On one hand is an exhibit almost pure white, while the third is jet black, the one between being a dirty gray. The first was taken from an Eskimo, who all his life had inhaled the pure air of his Northern home. The black was taken from a miner who had spent years in the production of coal. The third was from the body of a London man and the tint was produced by the inhalation of the soot carried in the air.

It is a curious fact that the lungs of the miner were in a more healthy state than those of the city dweller, since the grit in his tissues was pure coal dust, while the discoloration of the other was due not alone to soot but to the dust of a city's streets composed of a thousand and one deleterious elements.

Saved By Dynamite.

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. Kings New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and la grippe. At Oberdorfer's drug store, price 50c and \$1.00; guaranteed. Trial bottle free.

THE VITAL CENTER.

No Man Stronger Than His Stomach—Let Mi-o-na Strengthen Your Digestive System.

The stomach is your vital center. No man is stronger than his stomach.

The average man measures his physical vitality by his heart, his kidneys or his lungs. Yet it is the stomach that should first be considered when you cast up the account of health.

Every organ of the body is sustained and nourished by food which is converted into nutrition in the stomach and conveyed to every part of the system in the form of blood. For this reason, when the stomach is strength-

ed with Mi-o-na and is able to cover the food into nourishment, all other organs soon become well. This explains many cures of heart, liver or kidney diseases in the case where Mi-o-na is used.

It is the most wonderful health restorer known, and is sold by Clark & Co. under an absolute guarantee that it costs nothing unless it restores health. Just one little tablet out of a 50 cent box of Mi-o-na for a few days, and you soon see a great improvement in your health.

MARRIAGES.

—Mr. Bourbon Current and Miss Bessie Current, both of this city, were married by Elder Carey E. Morgan, at his residence Tuesday evening, at 8 o'clock.

—Mr. John Webb, Jr., and Mrs. Annie Elizabeth Price, both of Fayette, were married by Elder Carey E. Morgan at his residence Wednesday afternoon at 4 o'clock. Mr. Webb was formerly a shoe merchant of this city.

—The following invitation has been received:

Mrs. Eva T. Hanson requests the honor of your presence at the marriage of her daughter Jenny M.

to Mr. James Stone Helm Wednesday evening, the twenty-second of November one thousand nine hundred and five at half past six o'clock First Baptist Church Lexington, Kentucky.

—Miss Ethel B. Johnson, of Indianapolis, arrived in Paris Wednesday to wed Mr. E. F. D. Foxworthy, who was unable to keep his engagement to go to the young lady's home on account of the contract to finish resurfacing Main street before bad weather set in, he being the foreman of this work. He telephoned his fiancé to come to this city and she arrived as stated above, being accompanied by her father, Mr. Henry C. Johnson, a wealthy wholesale merchant of Indianapolis. The ceremony was performed by Elder Carey E. Morgan, at his residence, Wednesday afternoon, at 5 o'clock. Mr. Foxworthy has made many friends in Paris since his sojourn in our city, and we wish the happy young couple happiness and success through life. They will spend the winter in this city.

AMUSEMENTS.

—The lovers of song and dance will have an opportunity of being entertained as well as the admirer of drama when Al. W. Martin's biggest and best revival of "Uncle Tom's Cabin" is brought to the Grand to-night. A chorus of twenty is employed by Mr. Martin to assist in filling out the pictures in the play and during the great levee scene they introduce many song, novel dances, and "shines" familiar to the colored race. Perhaps the most important dance being the "Swanee Swing," a new creation which is now the craze of the vaudeville profession. It is most amusing and must be witnessed to be appreciated. All the characters in the drama are impersonated by white actors. A grand band concert will be given at the corner of Main and Broadway at 1 o'clock p.m. and 7:30 p.m. in front of the theatre by Mr. Martin's Grand Concert Band, which don't fail to hear.

Clever Service.

Manager Clarence Humbert, the hustling Superintendent of the Bourbon Home Telephone Co., gave the people of Paris and Bourbon county the election returns in a most satisfactory manner on Tuesday night. This company is doing everything in its power to demonstrate the fact that its system is perfect in every detail, as those interested in the election on Tuesday will testify. This company is always willing to accommodate its patrons and never misses an opportunity to serve them promptly and accurately. This is one of the largest and best institutions we have and the people of Bourbon, we are glad to say, are giving their hearty support, as Manager Humbert tells us that he is getting as many orders for new 'phones as can be attended to.

The people of this community heartily thank this company for its complimentary service given them on Tuesday night.

How the Gases are Burned in Buck's Hot Blast.

Note the upper draft in this stove where the fire pot is supplied with heated air instead of through the lower drafts (the open one) used in most heaters.

That's how the gases are mixed with oxygen directly over the fire. The gases do not escape on the flue.

We also handle the great 20th Century Heater. The Buck's and 20th Century Heaters are the two best made—don't buy until you see this line.
